

Job Description

Position: Access Control Technician

Company: Bill's Fence Company

Location: Cabot, Arkansas

Job Type: Full-time

Salary: Competitive, based on experience

Job Description:

The Access Control Technician will be responsible for installing, maintaining, and repairing access control systems for our clients' fences. The ideal candidate will have a strong background in electronic security systems and a proven track record of providing excellent customer service.

Responsibilities:

- Install, program, and troubleshoot access control systems for fences
- Conduct regular maintenance checks and repairs on existing access control systems
- Collaborate with clients to determine their specific access control needs
- Provide training to clients on how to use the access control systems effectively
- Keep accurate records of all installations, maintenance, and repairs

Requirements:

- High school diploma or equivalent
- Minimum of 2 years of experience in installing and maintaining access control systems
- Knowledge of various access control technologies and products
- Strong problem-solving skills and attention to detail
- Excellent communication and customer service skills
- Ability to work independently and as part of a team

Preferred Qualifications:

- Certification in access control systems installation
- Experience working in the fencing industry
- Low Voltage: 1 year (Preferred)
- Access Control: 1 year (Preferred)
- Construction Estimating: 2 years (Preferred)

Benefits:

- 401(k)
- 401(k) matching
- Health insurance
- Vision Insurance
- Dental Insurance
- Paid time off

If you are a dedicated professional with a passion for electronic security systems and providing top-notch service to clients, we encourage you to apply for the Access Control Technician position at Bill's Fence Company.
